The DELOS vision is that Digital libraries should enable any citizen to access all human knowledge any time and anywhere, in a friendly, multi-modal, efficient and effective way, by overcoming barriers of distance, language, and culture and by using multiple Internet-connected devices

The DELOS Network of Excellence on Digital Libraries

The project, contract n. IST-G038-507618, is partially funded by the European Commission's Information Society Technologies Programme (IST). It started on 1st January 2004 and has a duration of 48 months.
